Notwithstanding the foregoing, a non-independent director may serve on the Committee, or the Committee may consist of two (2) independent directors, to the extent allowed pursuant to any and all transitional rules of exemptions specified by NASDAQ and the SEC.

All Committee members must be able to read and understand fundamental financial statements, no Committee member may have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three (3) fiscal years, and at least one (1) member shall have accounting or related financial management expertise sufficient to satisfy the requirements of Nasdaq within the time period prescribed by Nasdaq. Except as otherwise provided by the certificate of incorporation or by-laws of the Company, the frequency, location and operation of meetings, and similar procedural matters relating to the Committee shall, to the

extent applicable, be the same as those that relate to meetings of, and procedural matters concerning, the Board.

Purposes of the Committee

The Committee shall assist the Board in overseeing the quality and integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the performance of the Company's internal audit function, and the selection, appointment, qualifications, performance and independence of the registered public accounting firm. In doing so, it is the goal of the Committee to maintain free and open communication among the Committee, the registered public accounting firm, and management of the Company. The Committee shall periodically hold separate meetings with the personnel responsible for the Company's internal audit function, the registered public accounting firm and the management of the Company to facilitate communication and the Committee's oversight responsibility. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company.

Responsibilities and Processes

The primary responsibility of the Committee is to select, appoint and ensure the independence of the Company's registered public accounting firm, oversee the Company's financial reporting process on behalf of the Board, oversee the effectiveness of internal controls over financial reporting, establish procedures for the receipt and treatment of complaints regarding accounting, internal accounting controls or auditing matters and report the results of its activities to the Board. Management is responsible for preparing the Company's financial statements and the Company's registered public accounting firm is responsible for auditing those financial statements. The Committee's policies and procedures, in carrying out its responsibilities, should remain flexible in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices and ethical behavior.

The Committee is responsible for the Audit Committee report that the proxy rules of the SEC require to be included in the Company's annual proxy statement.

The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate. In addition, the Committee is authorized to engage, and the Company shall provide funding for, any independent counsel and other advisors as the Committee may deem necessary or advisable to retain to assist the Committee in carrying out its duties. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to any independent counsel or other advisors and to any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Company also shall provide appropriate funding, as determined by the Committee, for payment of ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement and modify them as appropriate.

1. Relating to the Registered Public Accounting Firm

- The Committee shall have a clear understanding with management and the Company's registered public accounting firm that the firm is ultimately accountable, and must report directly, to the Committee, as the representative of the Company's stockholders. The Committee shall have the sole authority to appoint (subject, if applicable, to ratification by the stockholders of the Company), terminate and replace any registered public accounting firm. The Committee may receive input from management on these matters but shall not delegate these responsibilities. The Committee shall be responsible for the oversight of any registered public accounting firm, including the resolution of any disagreements between management and the firm regarding financial reporting or other matters.
